

A map of the Oroville Dam area in California. The map shows Lake Oroville, Thermalito Forebay, Thermalito Afterbay, and the city of Oroville. Roads like Highway 191, Quincy Hwy, and Forbes Town Rd are visible. The map is overlaid with the title text.

Oroville Facilities Relicensing FERC Project No. 2100 Settlement Process Preview

Plenary Group Presentation
Oroville, California

March 23, 2004

Draft Offer

- The Draft Offer is:
 - Is a starting point to facilitate Settlement Negotiations not a “take it or leave it” proposal
 - Available to Settlement Participants who have signed the confidentiality agreement
 - Not being submitted for written comment, issues discussed at Settlement meetings

Confidentiality Groundrules

- All settlement discussions will be discussed under the confidentiality provisions of the Process Protocols.
- All participants are asked to sign a Confidentiality Agreement by April 2004.
- To obtain a copy of the Draft Offer of Settlement, participants must sign Confidentiality Agreement.
- Any violations of confidentiality will be discussed at the next settlement following the violation.

Time Management

- We are working with a limited amount of time to reach Settlement on a significant number of issues – careful time management will be key

Settlement Kick-Off

March 30, 2004, 1 Day
Kelly Ridge Golf Course Meeting Room
5131 Royal Oaks Drive
Oroville, CA

April 20, 2004, 1 Day
April 21, 2004, ½ Day
Secretary of State
1500 11th Street, Multipurpose Room 180
Sacramento, CA

If You Plan to Attend Settlement Meetings Please...

- RSVP in advance of the meeting
- Respect confidentiality and sign a confidentiality Agreement
- Identify a Primary Negotiator for each organization or caucus of interests to sit at the main table
- Maximize the use of representatives; only sit at the main table if you must
- Participate efficiently and productively
- Be advised that second day of site tour has been canceled
